a dog or cat  
'helper'

A mystery  
published  
before 1975

A mystery set  
on another  
continent

A gritty  
mystery

A murder in a  
library.

A mystery set  
in New

**“In a mystery, all is unraveled, the bad  
guy is caught, order is restored.”**

**- Angelina Stanford**

The more disordered society seems, the more appeal a mystery novel has. Whether cozy or gritty, set near or far, in the past, present or future, at the end, everything is neatly sewed up.
